DRIVING SKILLS REPORT CARD

Dear Parent or Guardian:

CONGRATULATIONS! It is my recommendation that, _____ after completing at least 6 hours of behind-the-wheel instruction, has acquired the knowledge, skills, and attitude at or near a proficient level to operate a motor vehicle upon a highway transportation system accompanied by a licensed parent/guardian or adult age 21 or over.

The **next step** will be for you and your teen to visit the Secretary of State branch office and apply for the Level 1 License. It is important that parents provide at least 50 hours of the required supervised driving practice with their teen. To help give you the tools and guidance necessary to teach your teen safe driving skills, you will receive **The Parent's Supervised Driving Guide (SOS-191)** when applying for the Level 1 License.

While many safe driving skills have been practiced during the course, there has not been sufficient time for the student to become an accomplished driver. Please continue to practice all phases of driving under your guidance to further develop their skills and judgments.

2 = Proficient – Consistently performs driving goals without error under supervision. Instructor did not need to provide verbal instructions or support.

1 = Needs Improvement – Beginning to show goal performance without errors. Starting to need less verbal reminders from instructor.

Tips for the Trip!

1. Seat adjusted and Seat Belt!
2. Mirrors adjusted. Side mirrors -Sliver of the side of the car, 3/4 ground, 1/4 sky. Rear view mirror – See the center of the back window or the center of the lane behind you.
3. I am on your side and our goal is for you to be a good, safe driver.
4. You will be nervous and make lots of mistakes. That's normal. Try to focus on your driving tasks and clear your mind of all else. Don't think so much about your fears. Think happy thoughts! What makes you smile?

Techniques

1. Hand over hand or Race Car.
2. Freeze, Release and Slide your hands while turning.
3. Look at the CENTER of the lane in front of you. Look where you want to go.
4. Stop behind the car in front of you so you are able to see the bottom of the back tires.
5. Left turning lanes, move over just before the end of the yellow line, just before the gap.
6. Mirror, signal, head check. M,S,H. If you use your mirror and signal, do a blind spot check for motorcycles.
7. Cut the wheel means...turn it fast in the direction you are already turning until it stops turning.
8. Under 35mph maintain a 3 second following distance. Over 35 mph, a 4 second following distance.
9. Use a search pattern. Look down the road, Glance at your speedometer (don't stare), Look down the road, Glance at your mirror, Look down the road. Rinse and repeat.
10. Stop, check and go. Right turns on red. Flashing red light. Left turn on red.
11. Getting on expressway. Stay to the right (Glue your right tire on the white line). Follow the little white line. Get up to speed. Mirror, signal, head check.
12. Getting off the expressway. Signal well in advance (½ mile). Mirror, signal, head check. Get off right away. Don't leave room for someone to cut you off.

Not so useless information

1. Drive straight unless I tell you to turn.
2. When driving and every time you drive, call out ALL speed limit signs and explain ALL YELLOW SIGNS.
3. They brake, we brake!
4. In car and in class cell phone or mp3 use. It's an epidemic, according to Oprah. You can live without it for 2 hours.
5. Teaching you my preferences, not from right or wrong.
6. Expecting expectations! If you don't do it right, you can get hurt or killed or kill someone.
7. Sunglasses ok, flip flops aren't.
8. Remember my imaginary UPS Bob, Motorcycle Mike and MACK truck Fred friends.
9. If I take the steering wheel, don't take it personally.
10. Important forms are a responsibility challenge. White in car evaluation sheet and yellow observation\scheduling form.
11. Drive time schedule. The Golden period. 1st 24 hours after receiving a drive time.
12. On the day of your drive, look for me and listen for my car horn.
13. Drive times are approximate. I may be up to 30 or more minutes late, but I will be there eventually. If I am picking you up at the high school, don't get on the bus unless you talk to me personally and I tell you to get on it.
14. Phone or paper form is my lesson plan, student notes and to record your progress.
15. Remember the 5 golden rules of driving. A. Always know what's going on in front B. What's going on behind. C. What the speed limit is. D. How fast you are going. E. A safe following distance of 3 seconds or more.

Parent Driving Permit

Dear Parent and Student,

You will soon receive a "Parent Driving Permit." This will allow each student who has completed 10 hours of classroom instruction and 2 hours of Behind the Wheel road work to do some practice driving with a licensed parent (or guardian) or a non licensed parent (or guardian) and a licensed adult until they get their Level 1 license from the Secretary of State. The pink driving permit is not part of the Level 1 process and does not need to be taken to the Secretary of State.

Driving is inherently risky, no matter what the experience level of the driver. Please keep in mind that although your child has had driving experience with an instructor, please use extreme caution when practicing with your child. No matter how much time they have had behind the wheel with the instructor, they could still do something unexpected at any time. They may get the gas pedal and brake pedal mixed up. Avoid parking near buildings and stay away from obstacles. Experience is the best teacher.

Use the Parent Driving Permit at your own risk. Supervising a new driver is very, very risky. Use extreme caution. You can get killed driving a car.

Students, you will be joining the millions of other drivers on the road, or Highway Traffic System, as it is called. No doubt you are excited and anticipate getting behind the wheel to start your driving career. However, please remember that this is just the beginning of a life time of driving. You must exercise care and caution in all that you do. Major Driving School believes that during the next 6 weeks, using the mentor log and practicing the following skills and attitudes would be helpful:

Backing	Expressway Driving	Rural Roads	Light City Traffic
Paying Attention	Intersections	Defensive Driving	Head Checks
Courtesy	Poor Weather Driving	Judgment	
Watching Out for the "Other Guy"			

However, BEFORE doing any driving, it is recommended that you check with your insurance company to make sure your son or daughter will be fully insured while driving your car.

Drive Carefully,
Byron Major

"It Can Wait"

In car cell phone use is an epidemic. Driving a car, a 4,000lb. weapon, is a privilege and must be earned. It takes discipline and self-control. It is part of the pathway to adulthood and freedom. According to statistics, 8 teenagers die every day while driving a car. About 1 in 2 high school students admit to texting or emailing while driving. 75%, 3 out of 4 novice drivers involved in a crash, don't remember what they were doing 1 minute before the crash. Distracted driving is a serious problem.

To try and influence beginning drivers to put away their cell phones and concentrate on their driving and class work, Major Driving School is using an "It Can Wait" program.

The purpose of this initiative is to influence our students to understand that cell phone use and driving don't go together. To foster this disconnection from their cell phones, MDS has implementing "It Can Wait" in the car and "It Can Wait" in the classroom.

This means that cell phones will not be allowed in the classroom, nor in the driver education car. "It Can Wait".

In the interest of safety, we are asking students to turn off their cell phones before they enter the classroom and keep them off until they leave the class room. We are also asking that they turn off their cell phones before they get in the driver education car and keep them off until after they leave the driver education car.

In the class, each time we see a cell phone, we will assess a \$10 fine. After 3, \$10 fines, the student will be expelled from the class without a refund.

By signing below, you understand our "It Can Wait" program and acknowledge you are aware of the consequences of using a cell phone in class or in the driver education car.

Segment 1 Contract Extension, "The Fine Print"

Please read the following information, **initial each section**, and then sign below.

Special Needs/Disabilities

_____ Please inform the office manager and the instructor if you have any special needs such as a learning disability or a physical disability. An adult may read the 80 question test to a student if desired. Please let the instructor know. With your help, we will try to make accommodations that will help you succeed during your driver education class.

Attendance Policy

_____ If you miss a class or scheduled roadwork, it will need to be made up within 3 weeks after the last day of S1 or the entire course may need to be retaken at full price. If more than 2 days are missed, you may need to take the entire course over again. If you miss more than 2 days because of an emergency, the situation will be reviewed and a decision will be made based on the circumstances. If you are tardy 2 times, it will count as 1 absence. You will be responsible for making sure that any and all make up work is completed within 3 weeks of the end of the Segment 1 class. That will include contacting Major Driving School during the 3 week period to reschedule any behind-the-wheel driving or class work that was missed. Major Driving School will not be contacting you to set up these reschedules.

Failure of Written Work or Road Work

_____ You must pass the 80 question written test and the road work in order to pass the course. You need to pass the written test with 70%, -24 or better. In the event you should fail the written test, you have the option to retake the written test to 2 times at no extra charge. If you should fail the written test after 2 retakes or the BTW, practice driving, you will need to take the entire Segment 1 course over again; (24 hours of class work and 6 hours of road work).

Parent Driving Permit

_____ I understand that the Parent Driving Permit (Pink Slip) allows my child/student to drive while taking driver education and that I should make sure I have automobile insurance while practice driving with the Parent Driving Permit.

Segment 1 Certificate of Completion

_____ The student will soon be receiving a Segment 1 certificate of completion after s/he passes the Segment 1 class. Here are some important points to remember:

1. You **MUST** take the certificate of completion to the Secretary of State office to obtain your teen's LEVEL 1 LICENSE. Do this as soon as possible after receiving the certificate of completion.
2. Your child **CANNOT** drive on just the certificate of completion.
3. **DO NOT** delay in getting your teen's Level 1 license. Your teen needs to hold the Level 1 license for 6 months (from the day it was issued) in order to take the road test and obtain a Level 2 license.

Private Drive Approval

_____ It is the goal of Major Driving School to always have at least 2 students in the driver training car. However, due to special scheduling situations, it is sometimes necessary that a student drive by themselves with the instructor. Furthermore, if your child is the last one to be taken home after a training lesson, s/he may be the only student in the car for a short time. In light of recent legislation, written parent approval is now needed if a teenage student is to ride or drive as the only student in the driver training vehicle.

Initial 1 of the 2 statements below:

_____ I give my permission to Major Driving School for my child to drive or ride as the only student in the driver training vehicle. If you do not give your permission, you may have to pick up your child at class or it may also prevent bringing your child home after a driving lesson.

_____ I **DO NOT** give permission to Major Driving School for my child to drive or ride as the only student in the driver training vehicle.

Road Work Reminders

_____ 1. Cancellations/Reschedules - 24 Hour Rescheduling Period. Each drive you receive is tentative. You will have 24 hours from when you receive a drive time to cancel or reschedule. If not changed within that 24 hour period, please keep the scheduled drive. Once the golden 24 hour period has passed, if you cancel, try to change, or don't show, there may be up to a \$30 rescheduling fee.

2. The day of your drive:

- A. Please look for your instructor, listen for the car horn and be at the door waiting.
 - B. Be ready at least 15 minutes early.
 - C. In case your are late returning after your drive, leave at least 30 minutes after the end of your drop off time. Due to unforeseen circumstances, your drive may go longer.
 - D. Stay at your pickup point unless your instructor tells you to leave. If at your high school, **DO NOT** get on the bus unless your instructor personally tells you to do so.
